

## SHAPE THE FUTURE OF WATER FUN WITH US! AQUARENA IS LOOKING FOR TECHNICIAN/ENGINEER/PRODUCT DESIGNER (M/F/D)

About us: AQUARENA, a pioneer in the production of waterslides and unique water adventure worlds, is looking for creative and committed talents to join our team. For over 40 years, we have been shaping the future of water fun and setting standards in our industry.

Your role: As a technician, engineer or product designer with completed vocational training, you will be part of our innovation team that develops unique water play parks and slides for renowned projects worldwide. Your main tasks will include the design and planning of facilities that offer people unforgettable water fun.

### **What we offer:**

- A permanent position in a dynamic and future-oriented company
- A secure working environment that encourages creativity and personal development
- The opportunity to work on projects for some of the world's most exciting water parks
- A company culture based on collaboration, innovation and fun

Your expectations for the workplace: We want to know how you envision your workplace! Let us know what conditions are important for you to join our team. Whether it is a flexible working time model, special development opportunities or other amenities - we are open to your ideas!

### **Requirements:**

- Completed vocational training as a technician, engineer or product designer
- CAD knowledge
- Experience in the design and planning of systems (ideally in the field of steel construction)
- Creativity, team spirit and a passion for innovative projects

Apply now: Give your career a new direction and become part of AQUARENA! Send us your CV, a cover letter and your ideas for your ideal job to <mailto:jobs@aquarena.com> or simply write to us directly.
